This is an engineer.

Crazy?

No, just mad, that's a

His pipe wrench is locked on the pipe.

You know how he feels.

This is the same engineer.

Happy?

Well! I guess he is.

Some one told him of the Atlas Pipe Wrench.

It never locks.

This is how it looks when in use.

"THE ENGINEER'S SOLILOQUY."

"TO BE OR NOT TO BE?
That is the question.
Whether 'twere better to bear the ills of the Pipe Wrench we know, or fly to the 'Atlas' we know not of?"

(With apologies to Shakespeare).

WHY SOLILOQUIZE?
WHY HESITATE?

The ATLAS PIPE WRENCH is not an experiment.
It has been TRIED on the Pipe and found "NOT WANTING."
WEIGHED in the scale of UNBIASED JUDGMENT and found FULL WEIGHT.
Some of the BRIGHTEST minds in the Engineering profession testify to its merits—both by the pen and MIGHTIER than the pen, BY THE FACT, that they have tried the Wrench and are using it in preference to other Wrenches, and UNQUALIFIEDLY STATE, that it is—"THE BEST PIPE WRENCH THAT EVER HAPPENED."
Like all new inventions, the ATLAS PIPE WRENCH represents ideas evolved by FAULTS of others.
You know the TROUBLES you have had and are having with your PIPE WRENCHES to-day.
We claim as practical men to have removed those TROUBLES in the ATLAS PIPE WRENCH.
In short, we CLAIM for it—

THE MAXIMUM OF EFFECTIVENESS.

DON'T BE SCEPTICAL.
TRY THE "ATLAS."
BE CONVINCED.

"Some are born great, some achieve greatness, and some have greatness thrust upon them,"

. . . but . . .

The **"Atlas"** is **always Great.**

Great in its **Effectiveness.**

Great in its **Simplicity of Construction.**

Great in its **Strength.**

Great in its **Durability.**

Great in its **Ability to Handle Different Sizes Without Adjusting.**

Great that it does not **Lock** on the Pipe.

Great that it grips at an angle and **Does Not Crush** the Pipe.

Great that it is as **Effective** when **Fully Extended** as when used on the **Smaller Sizes** of Pipe.

Great that a set of **Four** Wrenches will handle everything from **1-8 inch Wire to 4 1-2 inch Pipe.**

Great for removing corroded or rusted studs, bolts, nuts, etc.

Great for heavy work.

Great for light work.

Great on all classes of work.

Great that it is **Drop-Forged** from **Tool Steel** and represents the highest class of drop-forging.

The **Greatest** Pipe Wrench of a **Great Age.**

Engineers of **Greater New York** and of other parts of this **Great** Country testify to its **Greatness,** and with one accord say that **Greatness** and **"Atlas"** are **Synonomous.**

Give it a trial and be convinced of the **Greatness of the Atlas Pipe Wrench.**

"For of all sad words of tongue or pen,
The saddest were these, 'It might have been.'"
—*Whittier.*

MOST every Engineer has heard the story of the Engineer who had a line of pipe to run one Sunday. He had a great deal of trouble with a screw-jawed Pipe Wrench, and was overheard remarking that, "IT MIGHT HAVE BEEN AN 'ATLAS' and saved all this trouble."

He said other things—You know how Engineers do talk sometimes when they get mad, but then "THAT IS ANOTHER STORY," as Rudyard Kipling would say; but, anyway, on Monday a requisition went into a certain Engineer's Supply House reading:

"Please deliver to bearer,

1 each, 10 in., 18 in., 24 in. and 36 in. ATLAS PIPE WRENCHES."

He is not taking any more chances and now says,

"IT IS THE ATLAS."

Many OTHER Engineers we are gratified to say, are doing the same thing, believing that "Eternal Vigilance is the price of safety," and with the Atlas Pipe Wrench in the Engine Room, they KNOW that they have a Pipe Wrench that can be DEPENDED upon.

"For of all wise words from tongue or pen of Engineer,
the wisest are, 'My Pipe Wrench is the ATLAS.'"
—(*With apologies to Whittier.*)

Cooled by Ocean Breezes.

Rejuvenated by the Exhilarating Mountain Ozone, and Calm, Peaceful Serenity, away from the Hot, Suffocating Turmoil of Metropolitan Strife.

Engineers appreciate all the above, and enjoy it on Sundays, Holidays and Evenings, when they have the TIME.

The Engineers of a Modern Plant may not have much leisure TIME, but, the one who uses Up-To-Date Appliances for the necessary repairs and alterations, has more leisure Time than the Engineer who DOES NOT use the latest appliances.

One of the Up-To-Date Appliances, that is now well and favorably known by Many Engineers is, "THE ATLAS PIPE WRENCH."

It is a TIME-SAVER.

Its quick Adjustment Saves TIME.

The fact that it never locks on the pipe, Saves TIME.

Its Simplicity, Effectiveness, Strength and Durability, all Save TIME.

The wrench is made in Four Sizes: 10 in., 18 in., 24 in. and 36 in., and takes all sizes from 1-8 in. wire to 4 1-4 in. pipe.

Give it a trial, and we believe that you will be satisfied that the "ATLAS" is even better than we claim it to be.

THREE SLOTS.

THE THREE SLOT ADJUSTMENT of the ATLAS PIPE WRENCH is the simplest AND most effective adjustment of any PIPE WRENCH EVER manufactured. No exasperating delays caused by THREADS or NUTS being burred, rusted or clogged with dirt.

"The Slot Adjustment Saves all that Trouble."

THE "ATLAS" grips the pipe quickly and positively, and releases readily.

IT NEVER LOCKS.

The Wrench is made in Four Sizes: 10 in., 18 in., 24 in. and 36 in., and takes all sizes from 1-8 in. wire to 4 1-2 in. pipe.

Give it a trial, and we believe that you will be satisfied that the "ATLAS" is even better than we claim it to be.

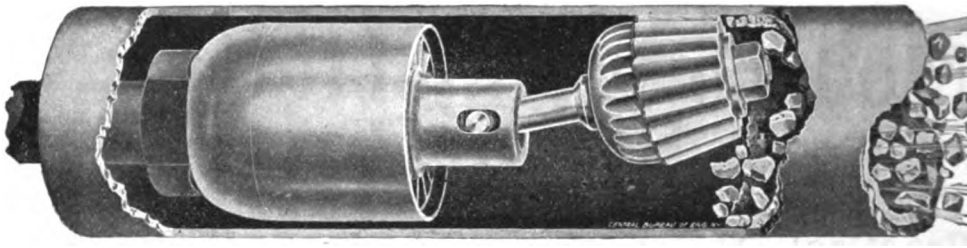
SEE DESCRIPTION ON PAGE 42 OF THE

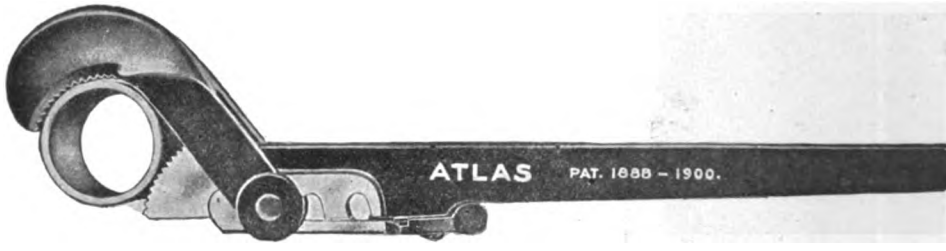
THE ATLAS TUBE CLEANER.



FOR REMOVING SCALE FROM WATER TUBE BOILERS.

An up to date device for cleaning tubes; it cleans thoroughly and rapidly. After using the **ATLAS TUBE CLEANER,** the tubes are in the same condition as when the boiler was new. It absolutely removes every particle of scale.

THE ATLAS PIPE WRENCH.



Used by the majority of Engineers in New York City, and is giving universal satisfaction.

Made in four sizes—10 in., 18 in., 24 in. and 36 in., taking all sizes from ⅛ inch wire to 4½ inch pipe.

The strongest pipe wrench made.

Drop-forged from tool steel and every wrench tested.

If you are not using the **"ATLAS"** send us a trial order and we believe you will be satisfied.

Send for descriptive folder and price list of the **ATLAS TUBE CLEANER** and the **ATLAS PIPE WRENCH.**
